

FULL MILITARY HONORS AT REGAN FUNERAL TODAY

American Legion Men Hold
Service for Fallen
Comrade.

GIVES FINAL SALUTE

The body of Harry D. Regan, world war veteran, was laid to rest at 11:00 o'clock, today with full military honors in Mt. Carmel cemetery, Antioch, following an impressive funeral ceremony at St. Peter's church, Rev. Father Lynch officiating, American Legion men of Antioch Post acting as escort to the grave where a firing squad from Great Lakes fired a final salute to their fallen comrade.

Mr. Regan had been in ill health for several months. About ten days ago he was taken to the Great Lakes hospital and a few days later was transferred to the Veterans' Hospital, Chicago, where he contracted pneumonia and died early Monday morning.

Suffered Hardship in Russia

Harry D. Regan was 36 years of age. He enlisted for service in the late war and at Camp Grant was assigned to Co. E, 338th Inf. Later he was transferred to Camp Custer, crossed to France with the 338th, and when a special regiment, the 339th, was formed at Verdun, he was one of the 3000 picked for service in Russia with the special regiment. In the vicinity of Archangel, Russia, the 339th men were subjected to untold hardships, suffering from intense cold and participating in nine battles after the signing of the armistice. Regan was in eight of them. These battles with dates, as certified to by First Lieut. John J. Baker, Comdg. Co. E, were as follows:

Seletskoe Sector, 15 days. Nov. 14 to Dec. 29, 1918; Petrograd Road, 4 days Dec. 31 to Jan. 3, 1919; Onga Road, March 23, 1919; Ozerki: Second Battle at Onga Road, March 24 to 29, 1919; Archangel, 8 skirmishes, April 1 to 30, 1919; Volodna Arch., April 14, 1919; Defense—Boishe Ozerki: May 1 to May 21, 1919.

Mustered out of the service July 18, 1919, at Camp Grant, Mr. Regan returned to his home in DePere, Wisconsin. About three years ago he came to Antioch and became associated with his brother, W. H. Regan, in the Wisconsin Butter Store.

He is survived by his mother and brother.

Legion Men Honor Comrade
Antioch Post, American Legion, conducted services at the home on Victoria street at eight o'clock Wednesday evening.

AMBOY HOME MILK PLANT PAYS WELL

Stockholders of the Amboy Milk Products company received an extra Christmas present this year in the form of an extra dividend of eight per cent declared by the directors of the company as payable December 31 on the shares of the capital stock shown of record on its books December 21. This is the second extra dividend which has been declared in the history of Amboy's milk condensation.

In addition to the extra dividend of eight per cent, stockholders of the Amboy condensation also received their regular dividend of four per cent declared. This is the seventh regular dividend declared by the company.

Frank Savage Dies At Leesburg, Florida

Frank Savage, former resident of this vicinity, died at his late home in Leesburg, Florida, Saturday night, according to messages received here by relatives Sunday. Death followed a period of ill health for over a year after Mr. Savage had suffered a stroke of paralysis from which he never fully recovered.

Mr. Savage was born on a farm east of Antioch fifty-five years ago and this locality was his home for many years. His winter residence has been Leesburg, Florida, for several years but he had continued to spend the summers at his home in the vicinity of Channel Lake.

Burial took place at Leesburg on Monday and he was laid to rest beside his daughter, who preceded him in death several years ago.

Besides his wife, Mrs. Eva Savage he leaves one sister, Mrs. Lulu Kuba, of Antioch.

Gov. Small to Be Zion Guest at Road Hearing

Hopes for the early completion of route 173, Zion to Rockford, were revived early this week when the announcement came from Springfield that the hearing on the Harvard to Zion section is to be held at Shiloh Tabernacle, Zion City, at 1:30 o'clock p. m. Saturday, Jan. 21, and that Governor Len Small had accepted an invitation to be present. Small's interest in the route is thought to be significant.

The meeting is for the purpose of discussing the location of the route through Lake and McHenry counties. As proposed, the Zion-Harvard section almost parallels the Wisconsin-Illinois state line. The communities of Russell, Zion, Antioch, Richmond, Hebron and Harvard are interested vitally in this meeting.

The hearing on the Rockford-Harvard section was held some weeks ago and the right of way is about ready to be secured along that line. It is thought that if the routing through Lake and McHenry counties can be adjusted at the Zion hearing, there is a splendid chance of seeing construction work actually started this year. The route, nearly a hundred miles in length, is one of the most important in Illinois.

Speakers to be limited
According to the letter of announcement sent out by C. R. Miller, director of the department of public works and buildings, and Frank T. Sheets, chief highway engineer,

speakers at the hearing are to be limited to ten minutes. The announcement states:

"As there no doubt will be a number of people to be heard, we ask that each group favoring a particular route assign one or more speakers to make such representations as their delegates may wish, and that the speakers confine their remarks to the particular route which they represent. We also find it necessary to limit the time of each speaker to ten minutes.

"This notice is sent to all people who have signified an interest in the above named route as well as to members of the Legislature and other interested parties.

"Governor Small has accepted an invitation to be present at this hearing to discuss with us our state road program.

"As the women of Illinois have indicated their keen interest in the Governor's constructive road program, we believe it would be well to invite the women and women's clubs of your community to attend and take part in the discussion of road locations.

"We know the Governor will appreciate your attendance and will be glad to meet you on this occasion."

S. E. Pollock will be spokesman for the Antioch delegation. Mr. Pollock was selected for that duty some weeks ago at a meeting of the highway committee.

Governor Small Attends Highway Hearing at Aurora

Governor Len Small spoke at a road meeting held at Aurora recently when hearings were held on three proposed routes. The hearing was conducted by Col. C. R. Miller, director of the state department of public works and buildings, and Frank T. Sheets, chief highway engineer.

The routes considered were No. 47 from Morris to the Wisconsin state line, No. 67 from Marengo to Woodstock, and Route No. 71 from a point west of Aurora connecting with Route No. 70.

LOCAL BASKETEERS WIN 3, LOSE 1

Antioch Wins From Leyden, Loses From Gurnee.

Antioch basket ball teams journeyed last Friday night to Gurnee and engaged in two hard fought games with Warren township high school teams.

The lightweights came through with a victory by the small margin of 18 to 15. This game was close from the start to the finish, the first half ending 9 to 8 in favor of Antioch and it was not until the last quarter that Antioch gained a lead that Warren could not overcome.

Warren Tough Opponents

The heavyweight game was one of the hardest that Warren has had all season and it was only through the spectacular shooting of McClure that they defeated the locals 25 to 19. This boy McClure was good for six baskets and most of them were long ones.

The locals started out strong and were holding an 8 to 4 advantage at the end of the first quarter but they failed to score at all in the second quarter while Warren was sinking long shots and gaining a 13 to 8 lead at the end of the first half.

With this advantage Warren played a strong defensive game the second half and also got through the local's defense for some short shots which gained them a hard-fought victory.

Double Victory at Franklin Park

On Saturday the local teams made the big jump to Franklin Park and came home with a double victory which gives Antioch a percentage of 500 in the conference race.

The lightweights had a hard time getting started in their game and Leyden was leading 6 to 5 at the end of the half but the local's came back strong in the second half and held Leyden scoreless while they ran up enough baskets to make the final score Antioch 21 and Leyden 6.

Antioch Leads All The Way
As in the Warren game Antioch

FIRST NATIONAL BANK INCREASES CAPITAL- SURPLUS TO \$100,000

Director Board Is Increased
By Two—Dividend
Mellon Is Cut.

Voting unanimously to increase the capital stock from \$50,000 to \$80,000, increasing the surplus from \$12,500 to \$20,000, and electing two new members on the director board was the important business transacted yesterday at the annual meeting of shareholders of the First National Bank of Antioch.

Stratton and Vos New Directors

The seven members of the board of directors were unanimously re-elected. The new members are William J. Stratton and H. J. Vos. The re-elected were Chas. K. Anderson, Robt. C. Abt, Wm. A. Roslag, Dr. H. G. Hardt, G. C. Gridley, W. R. Williams, and Geo. S. Wedge. The officers, Chas. K. Anderson, president; R. C. Abt, vice president; Wm. A. Roslag, cashier, were highly complimented upon their efficient management in the conduct of the bank during the past two years.

The dividend declared at the meeting of directors in December, has been paid to shareholders.

Stands for Progress

"We have had two very interesting years," said Chas. K. Anderson, addressing the meeting. "The First National Bank stands for the progress of Antioch and its vicinity and your Officers and Directors have been unanimous in supporting new institutions, merchants, and individuals, and we will support any undertaking which will help to make Antioch a better business town and a place to live."

Former Antioch Milk Plant Manager Dies In Waukegan Monday

Mona Franden, a former manager of the Antioch dairy plant, died on Monday in Waukegan. Franden was born in Stockholm, Sweden, forty-five years ago. He was in the employ of the Broxham Dairy company for more than fifteen years.

Leaving Antioch about two years ago, Franden became night clerk in the Central Hotel in Waukegan.

Two sisters and one brother in Sweden survive.

CITY BRIEFS

New front doors were hung at the Main Garage this week.

A new plate glass window has replaced the one broken some time ago at the Antioch Cafe.

The Ladies Aid is meeting at the home of Mrs. A. G. Watson this afternoon.

Antioch Odd Fellows attended a county meeting, of I. O. O. F. members at Libertyville Monday night.

MILLBURN MUTUAL CO. UNDERWRITERS FOR \$7,000,000 PROPERTY

73 Year Old Company
Re-elects Officers at
Annual Meeting.

How the Millburn Mutual Insurance company has grown from a small beginning to one of the best established mutual companies in the central states was brought to mind at the annual meeting and election of officers at Millburn Masonic hall last Saturday when J. S. Denman, eleven years secretary, reported that nearly two thousand policy holders were carrying insurance aggregating \$7,000,000 in this 73 year old company. Operating on a non-profit basis selling insurance at cost, the company has increased its business at the average rate of \$100,000 for every year of its existence, for the greater part without solicitation and all risks being within Lake county, however, under the provisions of the state charter the company may do business in any county in Illinois.

Officers Are Re-elected

L. S. Bonner was re-elected president for the ensuing year. Mr. Bonner was first elected president at a special meeting last April following the death of John A. Thain, who had served the company as president for four years and previous to that had been secretary for twenty-four years. J. S. Denman, re-elected secretary-treasurer, enters his twelfth year in that capacity. Frank Kennedy, Antioch township, was elected Northern Director, and succeeds D. W. Pullen, who expressed his desire to retire. C. J. Wright of Grayslake continues in office as Central Director, as does John Wirtz, Southern Director, of Mundelein.

Year's Losses \$16,000

Losses during the year 1927 totaled \$16,000, and all claims were reported as having been satisfactorily adjusted. No lawsuit has ever marred the exceptional record made by this company.

The Millburn Mutual was organized March 12, 1856, and secured a state charter ten years later, Feb. 16, 1866.

"Youth Not So Bad," Says Local Pastor

"Youth of today has been unduly subjected to much criticism, especially by those who view the actions of youth through eyes and minds adjusted to the standards of yesterday," says Rev. A. M. Krahl of the Methodist church, who has just completed a survey of Antioch youth. Many schools have made studies of problems of youth and as many conclusions were drawn as there were schools. In the main however it was found that youth are traveling on a higher plane and toward higher ideals today than ever before.

To know how true this was of our own youth in Antioch the services of the school authorities were enlisted and each student given a subject to record their ideals of the sort of persons they would select to associate with through life. The results were very gratifying to those who know youth by coming in direct contact with them but to others what these young folks had to say would be a revelation.

Rev. Krahl will make known the results of the first of the questions next Sunday evening at the Methodist church. All parents are invited and will be interested in this survey.

Antioch Men to Have Service Station In Lake Villa

Elmer Reintner and Arthur Haley have leased the Joe Pester place on the corner of Grand avenue and Highway 21 in Lake Villa and will establish a filling station there about March 1. Tire and battery service is also to be a part of the business.

Mr. Reintner has been foreman at the Main Garage in Antioch for the past eight years, and Mr. Haley is also well known here, having been in the employ of the Antioch Motor Sales for the past year. They will continue in their employment here until time to take over the business they have acquired in Lake Villa.

Jerry, a cat, walked a distance of 45 miles from Lake Geneva to the home of John Shebank, at Racine. The cat was given to the Lake Geneva man two months ago, and, apparently not liking farm life, returned to the Shebank home at Racine.

Fifteen Millions For Automobile Licence In 1927

Motor vehicle license fees collected in 1927 amounted to \$14,839,295.04, an increase of \$792,087.18 over 1926, according to the report issued a few days ago by Secretary of State Emmerson. The total collections in 1926 were \$14,047,207.86.

In addition to the increase in revenue, the closing year showed a decreased increase in the number of passenger cars and trucks in Illinois. In 1927 a total of 1,254,315 cars were registered as against 1,195,014 in the previous year. The number of trucks in use was 184,564 as compared with 175,489 in 1926. The total number of motor vehicles licensed in 1927 was 1,438,779, which includes passenger cars and trucks as compared with 1,370,503 in 1926.

Fees of the automobile department will reach a total of nearly \$15,000,000 for 1927, an increase of approximately \$500,000 over 1926.

BANK DIRECTORS ARE RE-ELECTS AT ANNUAL MEETING

Shareholders Laud Policy
of State Bank
Directors.

Shareholders of the State Bank of Antioch assembled at the annual meeting yesterday re-elected all officers and directors of that institution. J. Ernest Brook again heads the bank as president; Chase Webb, vice president; E. E. Brook, vice president; W. F. Ziegler, cashier, and G. B. Bartlett, assistant cashier. Directors were also re-elected as follows: J. E. Brook, E. E. Brook, Chase Webb, W. F. Ziegler, Conrad Buschmann, Wm. Hillebrand, J. W. Labdon, J. J. Morley, Raymond Prentiss, Henry Grimm, Frank B. Kennedy and Chas. Sibley.

All Profits Reserved

At a special meeting of the bank directors held recently it was considered for the best interest of the stockholders and the prestige, strength and stability of the bank, to set aside substantial amounts to surplus, undivided profits, depreciation reserve accounts and accounts of like nature before the distribution of profits as dividends, and this year the directors thought best to reserve all of the profits for these accounts. Shareholders were asked to accept such a policy, toward the goal of further establishing for the bank "a well deserved prestige and reputation for strength and stability."

The policy seems to have found favor with the shareholders who are well pleased with the results that have been obtained for the local institution which is said to be the second largest bank in Lake county, exclusive of the lake shore towns.

ILLINOIS LEGISLATURE IN SPECIAL SESSION

Primary Bill and Other
Measures Before
House.

Tentative draft of the new statewide primary bill, the most important measure up for consideration at the special session of the General Assembly scheduled for Tuesday, January 10, began shortly after Gov. Len Small filed his proclamation for the extraordinary session in the office of Secretary of State Emmerson. The new bill was expected to take shape rapidly.

The following four important subjects were included in the governor's call:

Enactment of a new primary law and amendments to the general election law as needed.

Re-enactment of a law fixing the bonding limit of downstate subdivisions and fixing the tax rate of the south side park board, Chicago.

Enactment of law which will permit the Chicago Historical Society to erect a \$1,000,000 building in Lincoln Park.

Appropriation of salaries of two commissioners of the state supreme court. The officers were created at the last session but no provision was made for their salaries.

Following the filing in the office of Secretary of State Emmerson, official notices were sent out to each member of the house and senate.

SMITH SLAYING AT BLUFF LAKE REMAINS MYSTERY

Mickey Smith Found Shot
Through the Heart at
Cassidy Hotel.

Sheriff Doolittle and Lake county deputies have searched vainly since Monday for clues and motive leading to the identity of the murderer of Mickey Smith, 35, caretaker at the Cassidy hotel on Bluff Lake. Smith's body was found early Monday sprawled on the floor of the hotel with a bullet hole through his body directly over his heart. The body was found just outside the bathroom door of the hotel by L. D. Waters, Antioch telephone man, who had gone to the place early Monday to do some work for the Illinois Bell telephone company.

A pool of blood found near the rear door of the hotel leads to the belief that Smith was murdered outside and his body carried inside after the slaying. Smith was a heavy man and it is the belief of the sheriff that the murder was the work of more than one man as it would have taken at least two men to carry the body into the house.

Discovers Body

Waters had been sent to the Cassidy resort to make repairs on telephone wires, persons in that district having complained of late about wire trouble. He had been there five times in the past few days but was not able to gain admission. Monday morning when unable to arouse anyone by knocking on the door, Waters went to the rear of the hotel and found the door unlocked. He discovered the body as soon as he entered the house and immediately notified the sheriff's office.

Fingerprint Expert on Job

Deputy George Heckinger accompanied Sheriff Doolittle to the Cassidy resort and found fingerprints on a window leading to Smith's bedroom. He also noticed that this window had been pried open. It being apparent that the murderers had gained an entrance into the hotel in this manner, Sheriff Doolittle notified the Waukegan police department and Lieut. Henry Wallenwein, fingerprint expert, was sent out to examine the prints.

The body of Smith was removed to Straug's undertaking rooms, Grayslake, Monday afternoon, and Coroner Taylor conducted the inquest in the afternoon, the jury finding that death was caused by a bullet wound through the heart with a gun in the hands of an unknown party with the intent to commit murder. The jury recommended that the body be buried.

Round About

KENOSHA—The mattress plant of the Simous Co., will be moved here from Richmond, Va., and will employ from 200 to 300 people.

DELAVER—The tax rate for Delavan this year is \$32.69 on the thousand and as against \$26.29 last year. The increase is due largely to the loss of bank taxes.

RICHMOND—The residence on the E. G. Turner farm near here was recently destroyed by fire which is thought to have started from an overheated chimney.

HEBRON—Hunters recently shot 12 out of a flock of 17 semi-wild geese owned by a local farmer. After shooting the birds the vandals left the fowls lay where they fell.

LAKE GENEVA—The candy store of Nello Ferdian was entered by thieves on December 26, who took \$250 in cash which was stored in a cigar box in the tobacco case.

Notice that the state railroad commission was investigating a complaint filed with it that excessive rates were being charged for electric service in the towns of Wheatland and Randall in Kenosha county was received in Kenosha last week from Madison. It does not yet set a date for hearing but merely acknowledges receipt of a petition alleging an unfair rate and gives notice that an investigation is being made by the commission.

The Lee Hodge barber shop at Solon Mills was burglarized one night recently. The microscans gained entrance by breaking a lock made away with cigars, barber tools.

WILMOT LUTHERANS ELECT OFFICERS AT ANNUAL MEETING

U. F. H. All Primed For Important Basket Ball Games.

The annual business meeting and election of trustees was held at the Lutheran church Sunday. Seven trustees, including the pastor, Rev. S. Jedele from the Church Council. Those whose terms did not expire were Charles Gruenwald, Salem; Fred Forster, Trevor; Chas. Koehler, Fox River. Newly elected members of the Council included Arthur Hildorf, Wilmet; Otto Schenning, Silver Lake, also elected treasurer; and Fred Schwartz of Silverlake was elected secretary.

WILMOT PERSONALS

Mr. and Mrs. Howard Zober (Ruth Morgan) of Milwaukee announce the birth of a son, Richard Morgan, on December 28.

Mrs. Frank Kruckman has been ill and under the care of Dr. Foster of Richmond this week.

Mr. and Mrs. Wm. Volbrech spent Sunday with Mr. and Mrs. John Harms.

The annual business meeting and election of Trustees at the Holy Name church will be held Sunday, January 22, after mass.

Blanche Carey was home from Chicago over the week end.

Mrs. DeYer returned from Chicago where she has spent the past month in a hospital receiving treatment following an operation on one of her eyes.

Mr. and Mrs. W. Kruckman and Mr. and Mrs. H. Patrick of Burlington were in the village Saturday.

Lytle McDougal was home over the week end from Milwaukee.

Mrs. John Stanley of Chicago and Mr. and Mrs. Douglas Leese of Antioch were guests of Mr. and Mrs. Fred Faulkner Sunday.

Paul Gantlin and A. C. Stoen motored to Fulton, Illinois, Friday, returning Saturday.

Mr. and Mrs. James Buckley and Dorothy motored back from Kankakee last Wednesday.

Mrs. John Sutcliffe was in Chicago for the day Monday.

Mr. and Mrs. Jerry Lavendowski accompanied Joe Lavendowski Sunday on his return to school at Delavan after the holiday vacation.

Mr. and Mrs. Earl Thomas of Greenwood were guests on Sunday at the home of Mr. and Mrs. A. C. Stoen.

Rhoda Jedele entertained at a six o'clock dinner Wednesday evening for Mr. and Mrs. Wm. Cloverdale and daughter, Nancy Lee, of Chicago.

The U. F. High School Patron Teacher association met at the gym Tuesday evening. District Attorney Powell of Kenosha gave the address of the evening and other numbers included a reading by Erma Schmalzfeldt; solo by Muriel Dean; reading, Miss Castleburg; solo, Grace Carey, accompanied by Dolores Brownell. A dialogue, "Christmas at Skeeters' Corners," pupils of the Randall school. Refreshment committee consisting of Mrs. G. Higgins, Mrs. D. Brownell, Mrs. S. Scholds, Mrs. F. Madden and Mrs. Leah Pacey served after the conclusion of the business meeting and program.

Mr. and Mrs. A. Hildorf were guests Sunday of Mr. and Mrs. E. Loth at Silverlake.

Mrs. Fred Frank, Esther Kanis, Sophie, Floyd and Ruth Kanis were in Waukegan Saturday, guests of Mr. and Mrs. P. Meyers.

Mr. and Mrs. John Higgins and daughter of Pleasant Prairie spent Sunday with Mr. and Mrs. George Higgins.

Mr. and Mrs. Charles Kanis and children were guests Sunday of Mrs. Sarah Hunter at Antioch.

Mr. and Mrs. Raymond Rudolph and Mr. and Mrs. Wm. Anderson of Genoa City attended the play "East is West" at Kenosha Sunday evening.

Mr. and Mrs. Rudolph accompanied by Mrs. Frank Rudolph were in Kenosha Wednesday.

Mary Daly of Silverlake spent last week at the Carey home.

Union Free High School Wilmot High School basketball team started the New Year with a defeat in the cracker-box gymnasium at Richmond last Thursday evening. The local boys played an excellent defensive game but were unable to find the basket consistently. Captain Member and Roy Madden were ejected from the game with the score tied, and the Richmond boys immediately caged four goals to win the game.

This week a battle royal is expected on the home floor with Waterford. With a large amount of material and a new coach, Waterford boasts one of the strongest teams in years. As an added feature the Land O' Lakes team will engage the strong Waterford American Legion aggregation, which has been undefeated in two years. The Land O' Lakes team has booked seven games in the next two weeks. Last Friday evening they defeated the Richmond Town team 21-18. Tuesday night they played

Millburn P. T. A. To Stage Debate, Jan. 14

Mrs. Wolcott of Chicago spent a few days with her brother, A. G. Torlin and family.

Mr. and Mrs. Ralph Miller are rejoicing over the birth of a son, born December 28.

Mr. and Mrs. Walker and son of Bristol spent Sunday at the L. J. Slocum home.

Mr. and Mrs. Frank Clark are spending a few weeks with relatives in Lake Villa.

Little Evelyn Clark, who has been seriously ill with pneumonia is now reported to be on the gain. A trained nurse is in attendance.

Miss Una Minto spent Saturday and Sunday with Miss Vera White in Grayslake and spoke in Grayslake, Ivanhoe and Mundelein.

Geraldine and Lyman Bonner attended a birthday party in Waukegan Saturday in honor of Lloyd Strang's ninth birthday.

The insurance meeting was well attended on Saturday. About seventy-five enjoyed the chicken pie dinner.

Mr. and Mrs. Robert Bonner spent Sunday with Mr. and Mrs. George Beaumont of Kansasville, Wis.

Mrs. Ruby Faulkner of Gurnee is helping in the Arthur Clark home, during his daughter's illness.

The Parent Teachers association will have a basket social at the Masonic hall on Saturday evening, January 14. One of the features of the program will be a debate "Resolved that the radio is a greater invention than the telephone." Come and enjoy the evening.

LAKE VILLA BRIDE TO SAIL FOR AFRICA

Mrs. Carl Sorenson Is Taken to Waukegan Hospital.

Mrs. Wm. M. Weber entertained twenty or more of the friends of Miss Helen Welker at a linen shower at her home at Sand Lake last Thursday evening. Miss Welker will be married to Irving Young of Chicago on January 12, at the Fourth Presbyterian church, Chicago, and early in April will sail for Africa where they expect to live for three years, at least. Mr. Young is a mechanical engineer and will be in charge of the printing of publications for the Presbyterian church in Africa. Miss Welker received many pretty and useful remembrances of the occasion. Mrs. Weber served cake, ice cream, nuts and coffee, and those present will long remember it as a very pleasant evening.

Mrs. Wm. M. Weber entertained twenty or more of the friends of Miss Helen Welker at a linen shower at her home at Sand Lake last Thursday evening. Miss Welker will be married to Irving Young of Chicago on January 12, at the Fourth Presbyterian church, Chicago, and early in April will sail for Africa where they expect to live for three years, at least. Mr. Young is a mechanical engineer and will be in charge of the printing of publications for the Presbyterian church in Africa. Miss Welker received many pretty and useful remembrances of the occasion. Mrs. Weber served cake, ice cream, nuts and coffee, and those present will long remember it as a very pleasant evening.

well's sister, Mrs. Oleott, who has been very ill for some time.

Mrs. Clara Sherwood was a Waukegan caller Friday.

The Ladies Aid society will meet with Mrs. Carl Seeger at Lindenhurst farm Wednesday, January 18. You are very welcome.

Rev. and Mrs. McKelvey drove to Madison, Wis., to see Mrs. McKelvey's sister, who is very ill. They went during the holidays, going one day and coming back the next.

Mrs. Emma Hall has been enjoying a visit with her sister in Detroit the past two weeks, and has been absent from her duties at the telephone office.

Raymond Hussey was home from the Todd school at Woodstock for the holidays, and his mother, Mrs. R. E. Hussey, was also home with her parents, Mr. and Mrs. Wm. Weber, Sr., at Sand Lake.

Mrs. George Mitchell, Mrs. Ray Kerr and Mrs. Edwin Wagner, all of Chicago came out Thursday to attend the bridal shower in honor of Miss Helen Welker, a former teacher here.

Mr. and Mrs. Jensen entertained a number of Evor's young friends at their home at Fox Lake last Friday evening in honor of Evor's birthday. Miss Scott and Mr. Beckwith were also included, and a very pleasant evening was spent.

John Walker accompanied Steve Hurdish last week when they started for a trip to the Pacific coast. Mr. Walker will visit his brother, Geo. Walker, in Portland.

The following program will be given at the church here Sunday, Jan. 15th.

Sunday School at 10:00 o'clock and a class for everyone.

At 11:00 o'clock Mr. Dobbin with cornet and Robert Dobbin with violin will play the prelude.

Call to worship.

Orchestra, choir and congregation, No. 278.

The Apostles' creed in unison. Prayer, followed by Lord's prayer. Special song by Junior choir.

Responsive reading No. 292.

Gloria Patri.

Offerory and announcements.

Duet by Margaret and Mary Wilson.

Sermon—"The Modern Church."

Orchestra, choir and congregation, No. 209.

Benediction and doxology.

You are very welcome.

Church Notes

The new venture at the local church was a success. The young people took hold in fine shape. The Prelude was played by Misses Mary

and Margaret Wilkinson, which was played very beautifully.

The solo by Miss Frances Daub was very much enjoyed, several expressing their appreciation of it.

The special selection by Mr. Dobbin and his son, Robert, was appropriate and well rendered.

The Junior choir was present in full force and their contribution to the program was enjoyed.

The attendance was above the average for this time of the year. The pastor at his best gave a very practical, helpful, and inspiring sermon on the home.

PERSONAL MENTION

Dr. and Mrs. H. F. Beebe left Monday for Sarasota, Florida. They expect to return by the latter part of January.

Charles Alvera left December 27, for Kansas City, Mo., where he is attending the Sweeney Automotive School. He made the trip by auto.

Mr. and Mrs. Arnold Buschmann of Twin Lakes entertained Mr. and Mrs. Clarence Shultz and Mr. and Mrs. Vincent Dupre last Friday evening.

Mrs. Andrew Harrison was at Chicago on Monday.

Mrs. A. M. Krah was taken to the Victory Memorial hospital at Waukegan Friday. She has been very ill, but a decided improvement in her condition was reported today.

Mr. and Mrs. Robert Trieger of Norwood Park were Sunday dinner guests at the home of Mr. and Mrs. A. B. Johnson. Mrs. Lucinda Cribb, who had been a guest in the Trieger home for the past two weeks, returned to Antioch with them.

Miss Myrtle Peterson of Waukegan attended the funeral of her grandfather, Nels Peterson, here last Wednesday.

Mr. and Mrs. Homer Stevens returned home from Waukegan on last Tuesday.

Mrs. J. M. Blackman of Victoria street is not ill as was reported last week.

Mr. and Mrs. J. B. Drom and Nelson Drom motored to Waukegan on Sunday to visit Miss Edna Drom, who is a patient at the Victory Memorial hospital.

Announcing the Birth of a King and Savior

IN FACT and fancy, walk by night the quiet streets of old-time Bethlehem. A bright star hangs above the house of David—the old inn of Bethlehem. Homes are empty. With faint and awe the people stand gazing at the flaming herald. To the south and west a cloud of fire has lowered over the fields of Boaz, where once Ruth gleaned barley behind the reapers. The night air is bordered with silent melodies. The strange starlight mantles the village with a stranger happiness. Strange omens crowd the hour.

People are gathering down by the old inn. They stand in silence; men are as voiceless as the night. Only the few have dared to whisper. A man comes out of the inn, now and then he presses his lips against a neighbor's ear and whispers: "Strangers from Nazareth—a child is born." Now the people fall back to make room for a company of night watchers from the sheep flocks, their bearded faces bright with excitement and wonder. They are from the Boaz hills. They tell excitedly the story of angels singing praises to God and announcing the birth of a King and Savior. They have come to see. Follow them through the old house into the adjoining caves, where even meek-eyed beasts share the wonder of the night. There are the strangers from Nazareth, and there—there—there they stand! Dean; a man—wonder labor "newborn" child. The simple shepherds kneel before the child and tell the story of the sky. They declare the Child is a King.

Scarcely are the shepherds gone before a slight commotion heralds the coming of bearded strangers, travel stained, but richly garbed. They had seen the star months before and they had followed from the east. It was a king they had come to find. They bow down and worship. They pile gold beside the swaddled babe and fill the cave with the odor of incense. An elder from the synagogue brings a scroll and reads, "And his name shall be called Counselor, the Mighty God, the everlasting Father, the prince of Peace." Then understand—you have witnessed the mightiest miracle of earth. Here is the place where Divinity became humanity that humanity might become divinity.—William L. Gaston.

Eyesight of Birds

Scientific experiments made in Great Britain have revealed the fact that a thrush sees a worm squirming in grass 100 yards away; that a swallow can see gnats 40 yards away, and that a sparrow detects a crumb or pea at a distance of 50 yards; that the vision of vultures and eagles is still keener.

His Winning Ways

When a poor man gets married he knows it is just his winning ways.—St. Joseph Gazette.

PRINTING

Good Printing Is the Dress of Business. That Is the Kind We Do.

Let Us Show You

Mrs. Clarence Shultz is on the sick list this week.

Mr. and Mrs. Andrew Harrison were callers at the home of Mr. and Mrs. James Todd at Twin Lakes on Sunday evening.

Miss Agnes Peterson of Waukegan is visiting at the home of her parents, Mr. and Mrs. Peter Peterson.

C. E. Hennings was in Chicago Saturday.

J. K. Orvis of Chicago was an Antioch caller yesterday.

POULTRY

CHICKS CAN'T LIVE WITH COCCIDIOSIS

Coccidiosis is one of the most destructive of all young chick diseases, and if the disease has once gained headway in the flock the chicks must die. The disease may be prevented next year by disinfecting the brooder house and rearing the chicks away from the older fowls.

The symptoms of this disease, according to Dr. Leonard W. Goss of the college of veterinary medicine of Ohio State university are loss of appetite; the young birds sit around with drooping wings, eyes closed, and it sometimes may be noted that the droppings are streaked with blood.

"On opening the chicks," the doctor writes, "it is observed that there is considerable inflammation of the intestines, some just back of the gizzard, but the most inflammation is found in the ceca or blind gut. Hemorrhages occur in these parts, and they may be well distended with blood, or in the more advanced stages the blood may be washed out, leaving a cheesy-like mass.

"In this mass are the coccidia which are the cause of the disease and are passed out in the droppings. The best method of curing the disease is to prevent it, so sterilize the brooder house before the chicks are again put into it, using strong concentrated lye, which will dissolve the organisms, and move the house to a clean, fresh sod away from the other fowls."

Mites Are Different in Habits From Lice

Mites are entirely different in habits and modes of living than lice, and different methods must be employed to destroy them. Both reduce the vitality of the fowl to such an extent that they easily succumb to disease, writes Michael E. Russell, to disease, and Kunch.

The house fly, a very small insect that cannot be seen with the naked eye, is a pest of the fowl, feeds on filth, and blood scales from the feathers, and scurf of the skin. It breathes through the pores in the sides of the body.

Lice are killed by suffocation, consequently, insect powder or even dust will destroy them.

The mite belongs to the spider family, and attacks fowls by sucking the blood. The house does its damage by biting.

Mites have eight legs, lice have six. The former live in cracks and crevices of the building, and visit the fowls only at night.

Turkeys on Farm Means an Additional Revenue

Turkeys on every farm will mean additional revenue for the many necessities needed on the farm. An increased production will not lower prices, for during the past three years in all of the large cities campaigns have been put on by the leading produce men urging the consumption of turkeys during the entire winter season and not just a holiday feast. The success of this campaign last season shows that people are anxious to eat turkey any time, for on August 1 there was less than two and one-half million pounds of turkey in storage. Most of this will be consumed before the 1927 crop is sent to market. With the same demands of last season turkeys should bring an exceptionally high market price this fall and winter.

SHERIFF SEEKS CLUE IN MICKEY SLAYING

(Continued from page 1)

mended that the proper authorities do all in their power to apprehend the guilty ones.

Seek Motive for Slaying

Sheriff Doolittle and deputies Monday and Tuesday combed the resort district at Bluff Lake but obtained no clues of value. They questioned practically every man having connections with the cutting of ice on Bluff Lake, as Smith is known to have been friendly with these men. The men all professed ignorance of the murder or the motive of anyone in slaying Smith. A number of other people in that district were quizzed, but to no avail.

Mrs. Elizabeth Cassidy of Chicago, who operates the resort at Bluff Lake in the summer months, came out Monday night and viewed the remains of Smith but she could shed no light on the murder or the caretaker. It was Mrs. Cassidy's opinion that robbery was not the motive for the murder as Smith had no money, unless he had made a "cleaning" in a "crap" game or at cards.

Twelve empty beer bottles and a deck of cards were found on a table in Smith's bedroom. It was thought at first that a crowd of men might have been there playing cards and drinking and that there was a quarrel. The authorities noticed, however, that the chairs and table were dusty, apparently not having been used for several days. The authorities believe that Smith had consumed the beer the 12 bottles had contained. They say he was a hard drinker and that for him this supply of beer would not have been large.

Mrs. Cassidy buried Smith. Although Smith has a sister living in Chicago authorities were unable to locate her, so Mrs. Cassidy agreed to take care of the burial of the body. Smith was buried in Mt. Carmel cemetery at four o'clock Wednesday afternoon.

It has been hinted that Smith was the victim of Chicago gangsters. Rumors of a booze war also have been heard, while many are of the opinion that robbery furnished the motive for slaying. The possibility of learning the truth about the killing seems very remote and the chances are the murder mystery will remain a mystery.

Dead Reckoning on Sea

Dead reckoning, as used by navigators, means the finding of a vessel's location after it has been completely obscured by sea without astronomical observation of any kind, depending entirely upon maps of the course and the compass and log. It means the same when applied to aviation. Lindbergh flew to Paris entirely by dead reckoning; that is, he made no astronomical observations in order to keep his course.—Pathfinder Magazine.

Churches

Methodist Church Notes

The folks of Antioch are to be congratulated for their splendid loyalty to organized Christianity in our community. A large number, ever increasing, are finding their way to the house of worship on the Sabbath day. Last Sunday the attendance was a marked increase over the previous week and the church is looking forward to a larger attendance next Sunday. All who come will find a ready welcome. The choir which is well organized is rendering a wonderful ministry of music, brings the message of God through music. You will enjoy the simplicity of the Methodist ritual, which is thoroughly American, written by Americans for Americans and used since 1784. Also no other church offers the challenge for today as does the living church of God. It has a message for the sick and the well, the weak and the strong, the employee and the employer, as well as such as are in a class by themselves.

The morning service is at 10:45. The subject of the sermon, "Does Civilization Need Religion?" You'll at least find food for thought. The evening service will be of special interest as it deals with the problem of youth. Has youth ideals? Come and see. The sermon will be the first of a series on the Home.

January 15—"The Right Man for a Husband."

January 22—"The Right Woman for a Wife."

January 29—"Till Death do us Part."

February 5—"The Home and the Builders."

St. Ignace Church Notes

(Episcopal) Calendar, 2nd Sunday after Epiphany Topic—"Jesus in the Home." 10:00 a. m.—Church School. 11 a. m.—Morning Prayer and Sermon.

Next Sunday the topic of consideration is the vital relationship of Our Lord to our individual homes. A home is made not by the furniture or the place, whether it be a tent or

No. 5

Published in the interest of the people of Antioch and vicinity by H. R. Adams and Co.

H. R. Adams, Editor
Rex Bonser, Mgr.

Never get mad at the telephone operator, remember there are more wrong numbers than right ones.

There are lots of little vexing things that happen in the lumber and coal business. Then a customer comes in and says "I liked that load of coal you sent me, send me some more just like it," and the vexatious vanishes right away.

Truth has no fear of cross examination.

The breast of every man is filled. With a big desire

a home to build—Which may be punk poetry, but it's the gospel truth. Come in and see us.

Hey! get off that cement, can't you see it's wet?" "Oh, that's all right, I've got my galoshes on."

A friend of ours, says he has always been musical and when but a child he played on the linoleum.

Prepare for those wintry blizzards. Storm doors and windows are the answer.

Many a boss at the office washes dishes at home.

The next time you go by Nelson Drom's place on the Pikeville road, take a good look at the new house he is building.

This charming

little bungalow breathes "hominess" in every line and detail. It is a type that should prove popular, as there is a big demand for small houses that can be built on the most economical basis.

The design is that of a small house, devoid of frills, yet of an attractive and "homey" appearance. It will have five rooms, a bath and a full basement 24 by 30 feet.

This little paper is published for you and we like to print the announcement of at least one local event each week, so phone or send in what you want. It costs nothing but your good will.

SOCIETY NEWS

WOMAN'S CLUBS OF
10th DIST., TO HOLD
CONFERENCE FRIDAY

An unusually interesting day is promised to the members of the Federation of Clubs of the Tenth Congressional District of Illinois at the conference to be held at the Orrington Hotel in Evanston on Friday, January 13, with Friends in Council of Evanston on the hostess club. There will be a board meeting at 9:30 o'clock followed by the District meeting at 10 o'clock. Four State Chairmen, Mrs. Grant Beebe, Mrs. C. M. Zimmerman, Mrs. J. H. Jackson and Mrs. R. W. Webster will present the work of their departments; and brief reports of officers and chairmen will be given. Music will be furnished by the Quartette of the Ravenswood Civic League and the Sextette of the Lake Forest Woman's club.

After luncheon, for which reservations must be sent to Mrs. George Spaulding, 2648 Ashbury avenue, excerpts from "A Legend of Spain" by E. B. Freer, music by Harriet Heald accompanied by Lester Noyes and an address, "Contributions Made to Chicago by Foreign Groups," by H. A. Stanley will complete the afternoon program.

The tenth district Federation is composed of forty Woman's organizations and eight Junior Auxiliaries from Fox Lake, Antioch, Grayslake, Waukegan and south through the shore suburbs, including the north end of Chicago. Mrs. Harry S. Grady is president; Mrs. W. C. Collins and Mrs. W. W. Lill, vice presidents; Mrs. E. Molding, secretary; Mrs. J. Newton, corresponding secretary; Mrs. H. W. Price, treasurer; and Mrs. G. W. Munch, Lake County president.

WHAT RADIO MEANS
TO THE AIRMAN

Ingenious New Transmitters and Receivers Helping to Remove Aviation From the Stunt Stage to the Practical Commercial Phase.

Whatever radio means to the navigator and his fares at sea, it must soon come to mean as much or more to the airman and his passengers, when flying over the trackless ocean or across the black or foggy countryside—not as a spectacular feat but rather as a matter of routine. To the aerial navigator, radio offers a ready means of communication with those below. It affords a wonderful organization for gathering and collating meteorological facts, that the airman may know the weather that lies ahead of him over a given route, and plan accordingly. By means of the direction finder, radio provides the true guide posts of the skies defining the aerial highways. Indeed, commercial aviation, in passing from the stunt stage to the commercial stage, can progress only so fast as radio beacons shall dot the great air routes of tomorrow.

Aviation radio is something quite apart from marine, transoceanic or broadcasting radio. In fact, it introduces still another phase of radio communication. The mechanical requirements of aviation radio are peculiar unto itself; for in no other application must weight and space be so assiduously conserved.

Yet there is a most attractive side to aviation radio despite the rigid handicaps of minimum weight and bulk. Aircraft radio transmitters are capable of remarkable range with little power, due to the unobstructed propagation of the waves from the loftily trailing antenna, so that what power might be lost in meeting weight and bulk requirements is perhaps more than made up in other ways.

Special Aircraft Equipment Developed
The engineers of the Radio Corporation of America and its associated companies, the Westinghouse Electric & Manufacturing Company, and the General Electric Company, are giving considerable attention to the development of aircraft transmitters, receivers, and special equipment.

Typical of the special equipment

GUILD SHOWS PICTURE
AT ANTIOCH THEATRE

The film, "Valley of the Giants", is being shown this week, Wednesday and Thursday nights, at the Antioch Theatre, under the auspices of the Ladies Guild of St. Ignace's Episcopal church.

Wild Creatures' Eyesight

The biological survey says mountain sheep probably have the keenest eyesight of all animals. Wolves and foxes are among the most cunning.

developed for airplanes may be mentioned the installation aboard the ill-fated "American Legion" of Commander Davis, which crashed prior to its proposed transatlantic flight. Weighing less than 65 pounds, with out the accessories, and occupying an absolute minimum of space, this equipment included two transmitters and a receiver, with an effective working range of over a thousand miles! One transmitter was intended for short wave operation on 45 meters, and included a crystal quartz oscillator so as to hold the signals rock steady for ready interception at the distant points. The other transmitter was intended for communication with ships and marine land stations, with a wavelength range of from 550 to 850 meters. Both transmitters employed a 50-watt oscillator tube.

The receiver in this installation employed three tubes, an oscillating detector of the UX-201-A type, and two stages of audio-frequency amplification with the same type of tubes. It weighed only 14 pounds. Both transmitter and receiver were mounted on strips of sponge rubber to minimize undesirable effects from the tremendous vibration present in an airplane.

Only Radio Assures Safety

So far as the technique of aircraft radio is concerned, the means for entirely satisfactory service are at hand. The recent transatlantic flight of Commander Byrd in particular, as typified by the constant bulletins from the "America" to the world at large during the passage, proves the value of radio communication to the airman. It is no stretch of the imagination or of enthusiasm to say that the carrying of radio by the transatlantic flyer spells the difference between some measure of safety and a complete gamble. At the cost of a few pounds, and perhaps two cubic feet of their valuable space and competent operation, the intrepid airman who have been lost in the ocean wastes of the Atlantic and the Pacific, during the past few months, might still be counted among the living.

Beacons on Great Air Routes

Just as radio beacons are beginning to dot the various coasts as an infallible guide for seafarers, so must aviation radio beacons soon dot the great air routes. By means of the radio direction finder, the airman can aim his ship for a given point with accuracy. Fog and blackness of the night need hold no terrors for the airman working with radio beacons. An important point to remember is that the airman, unlike the ocean navigator, navigates in a three-dimensional medium—the horizontal directions are complicated by the addition of the vertical direction. One of the most serious factors in flying in this navigation is the vertical plane and many fatal accidents are due to lack of judgment as to the exact distance between airship and ground below, in a fog. With radio beacons, however, it is possible to guide the airman safely back to the ground, despite fog or blackness or other elements contriving to rob the airman of his sense of sight and direction.

ILLINOIS FARMERS
MEET IN WAUKEGAN
FEB. 15, 16, AND 17

Many Ag. Problems Will
Be Up At Annual
State Institute.

Waukegan, Ill.—Farmers from all sections of Illinois who gather at the Thirty-second Annual Illinois Farmers Institute to be held in Waukegan, February 15, 16 and 17, will be given the opportunity to take part in the most comprehensive program in the history of the organization.

Taxes, farm land values, dairying, international tariffs, sanitation, Illinois waterways, co-operative movements, legislation and public utilities, industry and the labor movement as they affect agriculture will be some of the subjects covering a wide scope to be discussed by noted speakers.

Insult on Program

Outstanding figures on the program include former governors, J. A. O. Prensas of Minnesota and W. L. Harding of Iowa; Samuel Insull, financier, utility chief and stock breeder; Dr. Arnold Kegel, health commissioner of Chicago; Victor Olander, noted labor leader; A. D. Lynch of the Illinois Agriculture Association and Heber Hudson, of Illinois Chamber of Commerce.

Entertainment for the visitors will include a tour of points of interest on the North Shore. Massive meals where many articles and supplies that are used on a farm are fashioned will be open to the sightseers; while a sham battle and air circus will be included in the entertainment to be furnished to the guests of Lake County, at the Great Lakes Naval Training station, when the farmers and their wives visit this important and interesting governmental reservation.

Admiral H. Ziegemeier, commandant of the station has announced that he will turn the keys of the great reservation over to the farmerson the day of their visit. If time permits trips will also be made to Fort Sheridan, the Mid-West's great army post and to some of the farms maintained by millionaire stock breeders in this section.

Household Science Sessions

While members of the Farmers Institute are enjoying the comprehensive program of that division, their wives and daughters will be attending the sessions of the household science division for which an extensive and interesting program is being arranged.

Preparations have been made by the Lake County General Institute Committee for an overflow meeting. One large auditorium will be held in reserve for use in such a situation. All places of meeting are located within 800 feet of each other and in the heart of the city, close to hotels and railroad stations.

Waukegan by reason of excellent railroad connections in Chicago is practically on a direct route from all parts of the state. Those planning to attend the institute are asked to write to the Lake County General Committee for information on train connections in Chicago, which will avoid a trip through the loop district and for arranging hotel and rooming house accommodations in Waukegan.

Hunch Defined

A "hunch" is just a man's counterpart for a woman's intuition.—Boston Herald.

THE POWER WITHIN

"The Power Within", a great seven reel picture strictly religious is to be shown at the Lake Villa Methodist church next Sunday evening at 7 p. m. This picture is represented as one of the great religious productions of recent years. There is nothing to offend the religious faith of any one. This picture has drawn capacity houses wherever it has been shown. We are fortunate to be able to

show this picture to our community. There will be no charge. A free-will offering will be taken to pay for the use of the reels.

Come out and enjoy this great classic with us next Sunday evening at 7:00 p. m.

"The Power Within" has soul-stirring climaxes, conflict of wills, challenge of hearts, lavish settings, high powered heart interest, and is a personal message to all human kind.

Basket Teams
Win Three Games

(Continued from first page)

started strong and was leading 8 to 2 at the quarter but slowed up and only held a one point advantage at the half, 10 to 9.

The second half was much faster than the first with both teams sinking long shots and Antioch leading at the third quarter, 18 to 16.

In the last quarter the locals forged ahead and at one time held a 23

to 20 lead but Leyden came through with a basket and a free throw to make it 23 before the end of the game.

On Saturday of this week the new member of the conference, Bensenville, comes to Antioch for the locals first game with them. They have a good team this year and have already defeated Wauconda in two close games. They will bring only one

HOW MUCH DOES A
HEN EAT IN A YEAR?

The exhibit put on by the University of Illinois at the last International Live Stock show in Chicago shows that a laying hen produces about 120 eggs a year, requires equivalent to the following: 50 pounds of corn, 12 pounds bran, 12 pounds Red Dog flour, 6 pounds meat scraps, 3 pounds oyster shells, 15-20 pounds green feed, 12-20 gallons water.

Said by Shakespeare

"Tis the mind that makes the body rich.—Shakespeare.

TREVOR MAN TO SAIL FOR BOYHOOD HOME IN GERMANY

P. T. A. Holds Monthly
Meeting on Friday
Evening.

A number of Fred Forster's friends gave him a very pleasant farewell party on Tuesday evening. Refreshments were served and the entertainment for the evening. Prizes were won by Mrs. Harry Lubano, Mrs. August Mark, Harry Lubano and Fred Forster. Mr. Forster left Friday night for New York and on Monday sailed for his boyhood home at Ebnat, Germany, to visit his parents, sisters and brothers whom he has not seen in 21 years.

Miss Florence Ridge spent the week end with her parents at White-water.

William Scheidel and son of Bensenville, Ill., visited at the Fred Forster home over the week end.

O. H. Parham of Chicago called on his brother, Champ Parham Sunday.

Mrs. Charles Oetting and daughter, Adeline, and Mrs. Ole Beckgaard were Kenosha shoppers Thursday.

Mrs. Samuel Mathews of Silverlake called on friends here Wednesday.

Hiram Patrick and Wm. Kruckman of Burlington called on the former's sisters, Mrs. Alice Terpin and Miss Sarah Patrick Friday.

Chas. Hazelman and Alvin Moran had dental work done in Chicago on Friday.

Mrs. George Brown of Bristol visited the Patrick sisters on Friday.

Mrs. Alvin Moran was in Kenosha Saturday. Mrs. Frank Moran, who spent the past two weeks nursing returned home with her.

Miss Mary Sheen, Mrs. Willis Sheen and Mrs. Daniel Longman were Antioch shoppers Thursday. Mrs. Longman called on Mrs. Jacob Drom and Mrs. N. J. Crowley.

Mrs. Georgia Talmadge with some friends visited her sister, Mrs. Chas. Hazelman Friday night.

The Willing Workers met at the Social Center hall Thursday and tied two comforts. A delicious pot luck lunch was enjoyed at noon. Mrs. Corrin of Antioch, invited the ladies to meet with her in two weeks.

George Patrick and Arthur Bushing attended the Ralph Fernald sale near Fox River Wednesday.

Mr. and Mrs. August Besch of Kenosha visited at the Fred Forster home Monday.

Mr. and Mrs. Zmorzyk and children returned home Tuesday after spending a week with relatives in Chicago.

Mrs. Charles Oetting was an Antioch shopper Tuesday.

Mrs. Willis Sheen entertained the "500" club on Wednesday afternoon. The prizes were won by Mrs. Jack Hanson, Mrs. Charles Oetting and Mrs. Willis Sheen.

Mrs. Charles Oetting, sons, Alfred and Lewis, visited her mother, Mrs. Frank Lasco at Powers Lake Sunday.

Messrs. Gaggin and Smart of Antioch shipped a carload of stock from Trevor to Chicago Sunday night.

Frank Kavanaugh and daughter, Helen, of Chicago spent the week end with his sister, Mrs. Richard Moran.

Raymond Hushing of Chicago spent the past week with his uncle, Chas. Oetting.

Leo Gueyke of Mayville, Ill., spent Wednesday at the Charles Oetting home.

Miss Daisy Mielke, Mrs. Harold Mielke and Miss Sarah Patrick were Kenosha shoppers Monday.

The card and dance party given at Social Center hall Saturday evening was well attended. The awards went to: Euchre—Mrs. Gallart, Mrs. Lewis, Charles Oetting and Alvin Moran. Bingo—Evelyn Zmerzly, Jack Kavanaugh (taking ladies place), Frank Kavanaugh and Wm. Schilling, Jr.

The Parent Teacher association will hold their monthly meeting at Social Center hall on Friday evening, January 13. Following the meeting Supt. R. S. Hitenfeldt will show some moving pictures and give a talk. A cordial invitation is extended to all.

SALEM NEWS

The Salem P. T. A. meeting was held at the Salem opera house on Tuesday evening, January 2. About 75 were present. The following program was given: A reading, Mrs. Fox; a song by several school girls; a talk by District Attorney Powell; a dance by Little Helen Nicoll of Kenosha, and a dance by Little Helen Twing, also of Kenosha, both being sent by the Condon School of Music. After the program lunch was served and the rest of the evening was spent playing euchre. Prizes were awarded to Mrs. Louie Romie and Mrs. Arthur Feldcamp. Gents' first prize to James Schlaw and consolation prize to John Wagner. The next meeting is to be held February 7.

Mr. and Mrs. Byron Patrick entertained at Sunday dinner Mr. and Mrs. Will Kruckman and son of Burlington, also Mr. and Mrs. Hiram Patrick of Wilmet.

Margaret Schlaw spent the week end with her parents.

Harry Root and Howard Johnson attended the card party at Trevor on Saturday night.

Mr. and Mrs. Henry Kort and Mrs. Mary Glass and Mrs. Gust Kort visited Mr. and Mrs. Fred Richards Sunday.

Mr. and Mrs. Harold Flenker of Burlington visited at the Carl Rich home Sunday.

Wm. Gallart of Dubuque, Iowa, called on his uncle, Wm. Gallart at Salem last Wednesday.

Wm. Gallart attended a horse sale at Lake Geneva Monday.

Mrs. Mary Hope who has been ill the past week is much better.

The Priscillas held their meeting at the home of Mrs. Ada Huntoon on Thursday. The following officers were elected for this year: President, Mrs. Ada Huntoon; Vice President, Mrs. Ada Huntoon; Secretary, Miss Ada Huntoon; Treasurer, Mrs. John Evans. The reports show that the society used over \$900 the past year. Most of the money was used to improve the parsonage and church.

Arthur Bloss, Jr., was in Richmond on Thursday evening.

Miss Jennie Loewer and Mrs. Ada Huntoon visited in Chicago over the week end.

Mr. and Mrs. Gilbert Hartnell visited Sunday with Mr. and Mrs. Herman Schultz.

Mr. and Mrs. Louie Parrant made an auto trip to Maunabo, Mich., last week to visit his parents. On their return they found many of the roads full of snow which delayed them several days.

Mr. and Mrs. Joe Hilbert drove to Michigan and from there to Ohio where they visited Mr. Hilbert's brother.

John Schwenk has returned from a few days visit with his family in Chicago.

Miss Florence Bloss left Wednesday for Madison to resume her studies at the University after spending the Christmas holidays with her parents.

Mrs. Byron Patrick and sons spent Wednesday with her father, Ralph Fernald at Fox River.

Walter Schmidt and family of Slades Corners visited Mr. Schmidt's parents, Mr. and Mrs. Frank Schmidt Thursday.

The Legion card party and dance given at the Salem Opera House on Friday evening was well attended. The Claude LaMeer orchestra furnished the music.

BRISTOL MAN IS INJURED WHEN SCAFFOLD BREAKS

Many Visitors at Bristol
During The Past
Week.

Marlin Larsons, a carpenter from Burlington, who is employed on the Masonic building, met with a very serious accident Saturday, while he was descending a ladder which was leaning against a scaffold which had not yet been nailed securely. It gave away and he landed on his heels with such force that both were seriously injured.

Mrs. Wm. Lasco and two sons, Wm. Jr., and Gracia of Antioch spent Sunday at the Louie Krohn home.

Mrs. Jennie Whitchee spent the past week at the H. J. Gaines home.

Mr. and Mrs. John Evans of Salem visited his mother and the Smith family Sunday afternoon.

Miss Florence Murdoch and Miss Helen Gilson of Oak Park spent the week end with relatives here.

W. C. Bacon has been on the sick list the past week.

Miss Phyllis Baker of New Buffalo, every Saturday morning at 9:00 a. m.

All boys between the ages of 7 and 16 of the community are welcome to join within the next two weeks. We now have a membership of 15 boys.

We have a definite Christian citizenship program. Each boy must give evidence of growth and development physically, mentally, and morally, to keep in active relationship to the club.

Many interesting projects such as camp craft, citizenship, first aid, gymnastics, hiking, mechanics, wood craft, etc., will be carried on throughout the year. The physical, mental and moral supervision of the boy to-day means an efficient citizen for tomorrow.

Mark the date, February 3, on your calendar, save that date for our inaugural community church night entertainment. The men will serve the supper. This is not a scheme to make money. It is a community project program. Salem is a good community to live in, if you don't believe so, come to the community church night program, Friday, February 3.

STATE CAPITOL ITEMS

In 1928 Illinois will have the greatest highway construction program in the history of the state and again will establish a new and higher world's record for mileage of roads constructed by any state or country in one year's time. This is the prediction of the state department for the New Year.

Illinois now has a total of 6,675 miles of pavement completed, of which 5,934 miles are on the state highway system and the remainder are state aid or county trunk lines. In 1927 the state completed a total of 651 miles of paving. Five hundred and twenty-one miles are on the bond issue system and 130 miles are completed by the counties under the general supervision of the state.

According to details announced by C. H. Miller, director of the department of public works and buildings, and Frank T. Sheets, chief highway engineer, Illinois should complete during 1928 approximately 1,200 miles of paving, 400 miles of heavy grading, and 175 large bridge projects on the state highway system.

In addition the counties of the state using their county highway taxes and their share of the state gasoline tax probably will complete under state supervision 450 miles of paving, 100 miles of heavy grading and 60 bridge projects. The total estimated cost for road work to be done in Illinois during the coming year is \$60,000,000.

Most crime in Illinois is committed by organized outlaws with political protection or else youthful offenders who are caught out on a lark. Milton G. Claiborn, supervisor of the state board of pardons and paroles, told the Illinois bar association crime hearing at a meeting in Chicago a few days ago.

Before the assemblage of lawyers, judges and state's attorneys, Mr. Claiborn revealed for the first time in the heart of the message contained in the investigation of crime conditions in the state conducted by professors of the University of Illinois, Chicago and Northwestern.

Contrary to ordinary belief, Mr. Claiborn said, virtually every paroled prisoner makes good. He cited that out of 211,000 arrests in Chicago last year, only eighty of them were paroled prisoners. Mr. Claiborn also revealed that 76 per cent of Illinois penal population are first offenders and that 93 per cent of those imprisoned eventually return to society; Cook county contributes 7 per cent of the convicts; 70 per cent of the inmates of Pontiac Boys' Reformatory are sentenced for serious crimes.

One of the most important sales in Illinois in recent months was the sale of the Illinois Watch Company at Springfield, to the Hamilton Watch Company, Lancaster, Pennsylvania, for a sum said to have been in excess of five millions. In the purchase of the plant, the Hamilton Watch Company has doubled its capital stock which is now \$10,000,000. The Illinois Watch Company, under the new ownership, will continue to operate on the same general lines it has followed for a number of years.

The Illinois Watch Company dates from 1877 when John W. Dunn, Jacob Dunn and several other Springfield men incorporated the Illinois-Springfield Watch Company with a capital stock of \$100,000. The Duns held 505 shares, the rest being distributed among such men as Frank W. Tracy, George Pasfield, R. N. Bates, Horace S. Leland, Charles Ridgely, William Ridgely and George A. Sanders.

That Illinois is one of the foremost mining states in the country will come as a surprise to many of the

people of the state because it is at the approximate center of this industry in Illinois, the location of the University of Illinois Department of Mining Engineering is probably the best of its kind for the teaching of mining engineering in the entire country.

The school is situated at the center of a circle whose radius of 500 miles includes all of the principal mining centers of the United States with the exception of California and Texas. Within this circle is produced nearly all of the bituminous coal, iron ore, lead and zinc ore and aluminum ore of the country.

The output of Portland cement is greater in this area than that of Pennsylvania, some of the largest plants being located less than 200 miles from the University. The Tennessee zinc and copper areas, the Illinois-Wisconsin lead and zinc belts, the Indiana building stone quarries, the clay producing sections of Illinois, Indiana, and Ohio, the oil and gas fields of Oklahoma, Kansas, Illinois, Indiana, Ohio, Pennsylvania and West Virginia, the famous iron mining districts of Minnesota, Michigan and Alabama, are all included within this great mineral region.

The metallurgical centers of Chicago, Gary, St. Louis, Birmingham and Pittsburg are well within easy reach of the school and their nearness makes it possible to give practical demonstrations of the theoretical side of mining engineering with small expense both of time and money.

Within a five-hour train ride from the university, the largest coal mines are located. Less than 100 miles away are the long wall coal mines of northern Illinois and the famous Illinois and Kansas strip mines are within easy reach of the students.

Each year an inspection trip which includes many of the principal mining centers of this district is made by the senior students in mining engineering. Upon their return from these trips they make a complete written report of everything that they have seen. The total cost of this year's trip was about \$60.00. Similar trips are made at practically no more cost and are a part of the regular course of study.

Graduates from the University of Illinois Department of Mining Engineering readily find places with the largest mining companies of the country and at least one Illinois man is on the faculty of Pennsylvania State College, West Virginia University, Carnegie Tech., and others.

From the standpoint of equipment, teaching staff, research work location, environment and general all-around excellence the mining engineering department at the University of Illinois is few equals.

A distinction as to when gasoline used in tractors engaged in road construction is, and is not, exempt from taxation was drawn recently by Attorney General Oscar E. Carlstrom.

When the tractor in question is engaged in actual road construction—grading, leveling, etc.—the gasoline used is exempt from taxation.

When tractors are used to transport materials, even though materials for road construction work, the gasoline used in transportation is taxable.

Gasoline used by a tractor to do work is likewise taxable, even though the work of the tractor is in the actual construction work.

The question in each case is whether the vehicle is properly "operated over a state highway."

On the showing of the first eleven months of the year, Illinois had in 1927 the lowest fire loss in four

years, according to records of State Fire Marshal S. L. Legreid.

The eleven months loss was \$19,535,610. Losses for the preceding three years were: 1924, \$24,187,649; 1925, \$23,517,780; 1926, \$24,968,006.

"Our campaign to safeguard school houses will be pushed, Mr. Legreid said in making his report public.

"Many countries have been covered and we have made plans to cover the balance as quickly as possible. Every child is entitled to attend school in a safe building and our aim is to see that he gets at least reasonable safety."

Stigma of a prison record shall not follow a man who has served his time in prison, Illinois laws decree. Only in the event he again fall into the clutches of the law may his prison record be used to brand him as an enemy to society.

Interpreting the statutes for Roy W. Ide, director of the state department of welfare, Attorney General Oscar E. Carlstrom said that records of criminals at state prisons are kept for the sole purpose of identifying persons adjudged, accused or suspected of crime.

"The legislature has directed," the attorney general said, "that prison records are not public records, open

to inspection at all times by anyone who desires to inspect them.

"If a convict escapes from a prison and his whereabouts are unknown, the warden may reveal such information as he may consider necessary as an aid to the identification of capture of the criminal. A certain amount of discretion is here vested in the prison warden."

Records kept at the state prison include a description of the convict, his criminal history, if any, and his photograph.

Illinois begins the year with a total balance of \$21,811,890.56 in its general revenue fund and a total balance in all funds of \$38,227,921.03.

This information is shown on the books of State Treasurer Garrett D. Kinney, which show also that the state treasurer has credited to the revenue fund a total of \$914,284.01 from interest collected on state funds for the first eleven months of his term of office. This total is \$170,000 more than was credited by previous treasurers during the same period. The amount credited in November was \$86,228.25 and the figures for December will be presented in a short time.

Governor Small has announced the appointment of a state commission

RATHBONE TO LIVE IN OGLE COUNTY

Washington, D. C., Jan. 7.—Congressman-at-large Henry R. Rathbone and his family will make their future home in Ogle county, Illinois, it was announced today.

The Congressman has purchased a portion of a tract of land, owned by Dr. Alfred W. Hoyt on the Rock River and adjacent to the Blackhawk Trail, some three miles north of Oregon, Illinois. The Congressman intends to build a home there as soon as weather conditions permit.

While construction is going on, the Rathbone family will make their home with Dr. Hoyt and his wife, who have been friends of theirs for many years.

The Rathbones have always been very fond of rural life and intend to spend all of their time on the Rock River, when they are not in Washington.

revise the banking laws of Illinois, in accordance with a bill passed at the last session of the general assembly. A number of bank officials, state senators and representatives were named by Governor Small with the approval of the Illinois Bankers' association.

ADJUDICATION NOTICE

Again

-the Greatest Sensation of America's Greatest Industry

Again, Chevrolet has created an automobile so far beyond all expectations in the low-price field that it constitutes the greatest achievement of America's greatest industry.

Built on a 4-inch longer wheelbase—offering numerous improvements in performance, beauty and safety—the Bigger and Better Chevrolet marks a spectacular epoch in the development of luxurious transportation at low cost.

The engine is of improved valve-in-head design with alloy "invar strut" pistons . . . hydro-laminated camshaft gears . . . mushroom type valve tappets . . . AC oil filter . . . AC air cleaner and a new crankcase breathing system.

Throughout the entire car similar

advancements are represented—from the four-inch longer wheelbase and the new semi-elliptic shock absorber springs—84% of the wheelbase, to the marvelously beautiful new Fisher bodies in new Duco colors.

Come in and drive this great new car. Drive it through traffic—and get the thrill of its darting pick-up . . . the smooth, certain action of its non-locking four-wheel brakes! Drive it on the open road—and test every point in the speed range for smoothness and roadability! Try it on the hills—and learn the true meaning of Chevrolet power!

Do that—and you will agree with thousands of others that here is the world's most luxurious low-priced automobile.

Every feature of advanced design demanded in the finest cars now offered in the New Chevrolet! Read this partial list.

Improved valve-in-head motor. New stronger frame 4" longer wheelbase 107". New four-wheel brakes. Thermostat control cooling system. New alloy "invar strut" pistons. New instrument panel indirectly lighted. New ball bearing worn and gear steering. Semi-elliptic shock absorber springs 84 per cent of wheelbase. Safety gasoline tank at rear. Larger balloon tires 30" x 4.50". New streamline bodies by Fisher. New Duco colors.

Theft-proof steering and ignition lock. A. C. oil filter. A. C. air cleaner. Single-plate dry disc-clutch. New crankcase breathing system. New two port exhaust. Heavy one-piece full-crown fenders. Automatic lubrication. Vacuum tank fuel supply. Improved Delco-Remy distributor ignition. Combination tail and stop light. Large 17" steering wheel with spark and throttle levers located on top. Rear view mirror.

Stockman Claims Indiana Farmers Have Been Robbed

(Valpo Vidette-Messenger.)

"Just what we have contended all along."

This was the statement of Peter J. Horn, Valparaiso's veteran stockman who, with Alderman Louis Gast, one of Porter county's outstanding cattle raisers, have consistently opposed the federal-state tubercular cattle testing program. Alderman Gast to the extent that he had been arrested for refusing to comply with the regulations.

Case for the statement was the report from Chicago that Ignatz Katz, president of the Chicago Packing company, who pleaded guilty to conspiracy to defraud the government in connection with the killing of tubercular cattle, was sentenced to a year and a day in Leavenworth penitentiary.

Katz, it was testified, falsified records and reports to indicate that healthy cattle were tubercular and forced the government and the state to pay out more than \$100,000 to farmers for cattle thus condemned.

William J. Labey, superintendent of the plant, was fined \$1,000 on a similar charge, and M. J. McMahon, government inspector, was fined \$500.00.

"Porter county stock-raisers have lost hundreds of dollars through fraud and corruption in the tubercular cattle testing combine," stated Mr. Horn. "In all my years of butchering I have seen only four or five tubercular diseased cattle, yet these officials and inspectors seem to have had no trouble condemning thousands," he added.

CHRISTIAN SCIENCE CHURCHES

"SACRAMENT" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, January 8, 1928.

The Golden Text was from John 15:10, "If ye keep my commandments, ye shall abide in my love; even as I have kept my Father's commandments, and abide in his love."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "This is my commandment, That ye love one another, as I have loved you. Greater love hath no man than this, that a man lay down his life for his friends. Ye are my friends, if ye do whatsoever I command you" (John 15:12-14).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine Mind rightly demands man's entire obedience, affection, and strength. No reservation is made for any lesser loyalty" (p. 183).

Persian Proverb

A poor man watched a thousand years before the gate of Paradise. Then, while he snatched one little nap, it opened and shut.

FLAG DAY FOUNDER TO SPEAK AT GREAT LAKE TOMORROW

Dr. B. J. Cigrand Will Tell
Origin and Meaning
of U. S. Flag.

Doctor B. J. Cigrand of Batavia, Illinois, the founder of the American Flag Day Association, will deliver an address, under the auspices of the Navy and Marine Post of the American Legion at Great Lakes, Illinois, on Friday evening, January 13, 1928, at 8:00 o'clock in the auditorium.

His address is on the origin and meaning of the United States Flag, wherein he traces the history of our Flag from the earliest days down to the present flag. Illustrating his talk with suitable charts and flags. Doctor Cigrand is widely known throughout the United States as an eloquent speaker. He is prominent in the American Legion and in his profession. He served in the Navy during the World War, is a member of the Library Board of Chicago, a member of the Faculty of the University of Illinois, and has written many books.

He is especially anxious to carry
